### FIGURES THAT TALK.

The Verdict of New York is furnishing the people with some very interesting figures to study. It says:

"It took \$19,000,000 to put McKinley where he is, and they say, if need crowds, he can have forty or eighty millions, all he will, to gain a second term. Their war plans are laid and made. They will waste neither treasure nor time on the voter. But registration is to be bought; for election day, judges are to be purchased. They will not change a Bryan vote. With 'registration' high enough, as counts proceed, McKinley ballots will be furnished by thousands to overtop and top the utmost Bryan expression. That was done in '96. Bryan was elected then. Nor, to defeat him, did they count him out. The black Hannanites won by the simpler system of counting McKinley in. It made less noise; offered a narrower foothold to attack. Out of curiosity, if not for your instruction, look to this: In 1892 Cleveland won; in 1896 Bryan lost. Yet, bend to these tables, and some glint of the frauds which put McKinley where he is may then be glimpsed. Here are tables to show in sundry states the Cleveland vote, which succeeded, and the Bryan votes which found defeat.

|                    | 1892    | 1896    |
|--------------------|---------|---------|
| Illinois.....      | 428,281 | 464,523 |
| Ohio.....          | 404,115 | 477,467 |
| Indiana.....       | 292,740 | 306,206 |
| Michigan.....      | 202,297 | 227,251 |
| Iowa.....          | 136,867 | 223,741 |
| California.....    | 118,298 | 144,766 |
| Kentucky.....      | 175,461 | 217,890 |
| Minnesota.....     | 100,920 | 139,735 |
| West Virginia..... | 84,467  | 92,927  |

"Doesn't that speak trumpet-tongued of fraud? The same table plot in every line which bore down Bryan in 1896 is to be relied on in 1900. There will be a shoreless ocean of money to bring McKinley through. Why shouldn't the money go? As a mere investment without money or conscience, dollars could not find a fatter, or richer destiny."

### NOT A YAQUI WAR.

News comes from Ortiz, Mexico, which is within a hundred miles of the Yaqui disturbance, to the effect that the people of Ortiz are not in the least excited over a Yaqui war. The dispatch quotes a gentleman returning from his mine, located thirty miles from the Yaqui reservation, as saying he saw no signs of Yaqui depredations, and that Yaquis he met told him it was not a Yaqui war but was a gathering of Mexican and Yaqui outlaws.

A man working for the Pilares Mining company in Sonora, Mexico, writes to a friend in this city as follows:

"This Indian war promises to be of long duration and bitterly contested."

And a local afternoon paper commenting on this says: "The writer is on the ground and knows what he is talking about." Yes, he is on the ground, if he is not up in a balloon. But the ground where the Pilares company's mining property is located is just 200 miles from the scene of the Yaqui trouble and all that the Pilares people know about the Yaqui war is told them by people going there from the United States.

The Yaqui war was a local quarrel over a ditch and was brought on by a lot of bucks who were drunk when they started the trouble.—El Paso Times.

Is MUNICIPAL ownership best for the citizen is a question yet to be answered. The Waco Telephone prints a comparison of water rates in a number of the cities and larger towns of Texas. Of these Dallas, Galveston and Fort Worth own their water plants; Waco and San Antonio do not. The charges are, for families of five or less: Galveston, \$6; Dallas, \$8; Fort Worth, \$6; Waco, \$6; San Antonio, \$9. The Telephone neglected to quote El Paso rates. In this city families of five or less do not pay more than \$1.50 per month for water. El Paso has cheaper water than any other city in the state.—Times.

\$800 for \$500—The Ballenger cottage or sale—4 large rooms and wardrobe closet, including basement; 2 rooms 12x2, kitchen 12x15; basement floored 15x; water in house; healthy location; high ground, N. E. of water works, tombstone canyon. Apply to J. F. Ballenger, or D. A. Markey, at Chisholm building.

## Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Rosema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patient medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was taken, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific

## S.S.S. For Blood

is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no potash, mercury or other mineral.
